

DOUGHNUT economy

as a trans-formative model?!

"the safe and just space for humanity to thrive in!"¹

"the original model"

by Kate Raworth

MADE OUT OF:

- > the social foundations: the basics of life no-one should be deprived of
- > the ecological ceiling consisting of the planetary boundaries

city-inspired implementations

from around the world

City portrait BRUSSELS

a tool for collective reflecting, sensitising and mobilising
preliminary recipe for an iterative process of transformation towards more sustainable ways of living

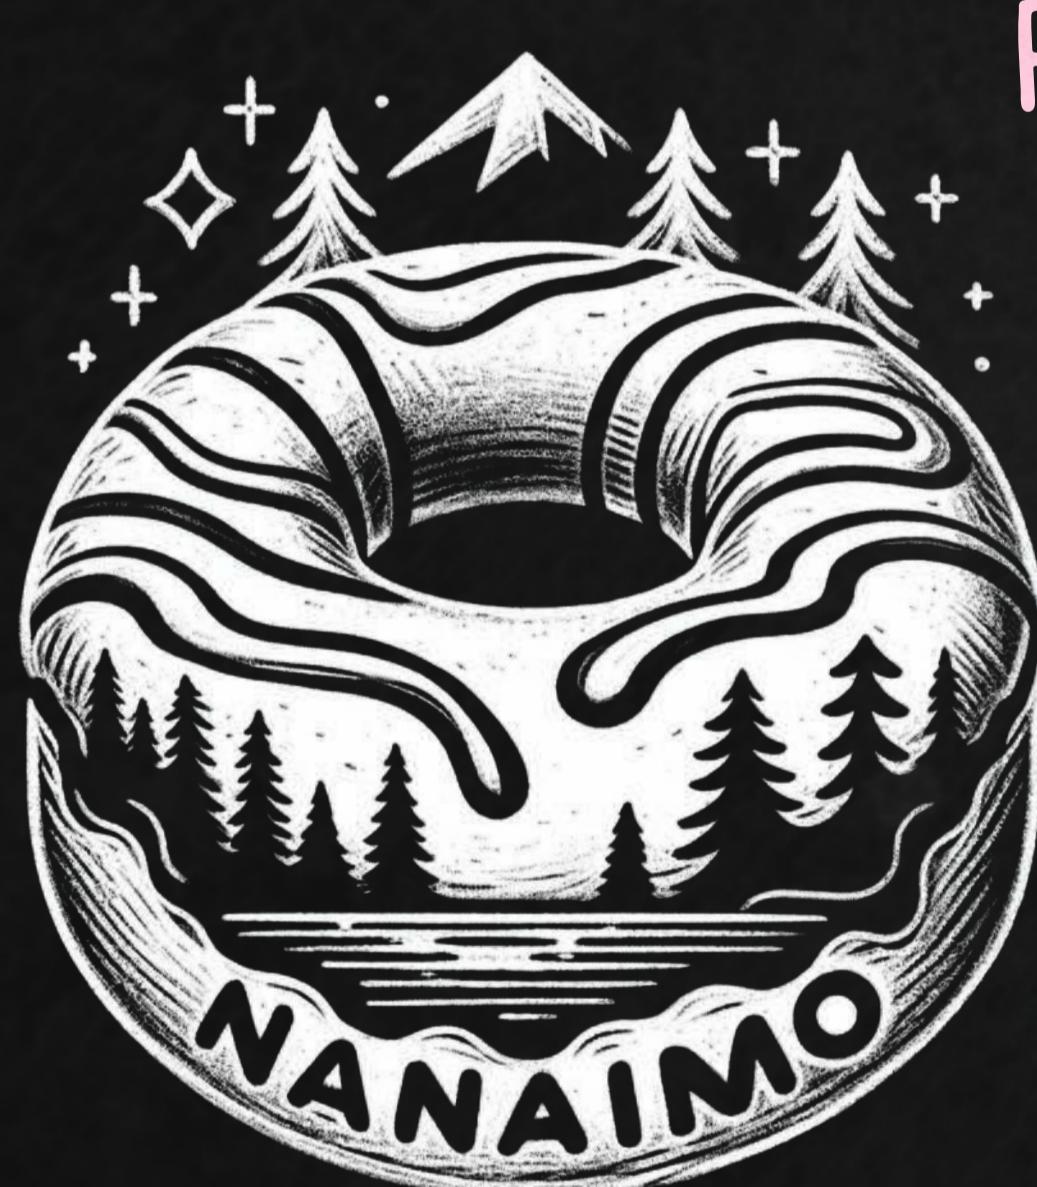

! This doughnut devises indicators on the basis of the current picture!

CORNWALL Development and Decision Wheel

comprehensive decision-making checks and project planning tools

! This doughnut helps to evaluate impacts of decisions from a broad perspective and to amend policies on the basis of data!

Reimagine NANAIMO

large-scale participatory process integrating the strategic aims and desires of the city's communities and the responsibilities and strategies already in place

! This doughnut helps with sorting and prioritising urban development strategies!

AMSTERDAM City Doughnut

"How can this city be a place that respects both the well-being of people and the health of the whole planet?"²

! This doughnut serves as an instrument for establishing strategies!

WHAT TO CONSIDER WHEN MAKING YOUR OWN DOUGHNUT!

When you...

- > Engage the administration, crossing disciplines and competences
- > Integrate strategic management planning, budget setting and participation management
- > Ensure support on higher administrative levels
- > Make it resilient to political change
- > Keep in mind - the doughnut does not decide for you

You can...

- > Use the activating effect of the doughnut as a powerful instrument of communication
- > Encourage a holistic view and impact-oriented thinking
- > Foster a culture of participation
- > Strengthen evidence-based management

DOUGHNUT
IN ACTION
